

HOLY WEEK MUSIC BOOKS UPDATES HISTORY

Check the edition number at the bottom of the title page of the Holy Week music book at:

http://newbyz.org/files/holy_week_music-papadeas_english.pdf

If the edition number is higher than the one you are currently using, please update your book or booklets.

If you are using a tablet computer to chant the services, download each new edition in its entirety.

If you have printed a hard copy, these are the pages you need to replace, assuming you have printed the book double-sided. If you have printed it with single-sided sheets, you only have to replace the pages in bold type. Feel free to contact me at takistan@yahoo.com for any help.
